What We're Learning

It was good to meet so many parents at the recent 'Meet the Teacher' session. If you didn't manage to make it along, you should have received further class specific information about your child's learning this term, which is also available on the class pages of the school website.

History

Year 3 enjoyed an engaging start to their Stone Age topic with an experience day. The classroom was transformed into a Stone Age camp and the children learnt about the different periods, the activities and lives of prehistoric people. There was a chance to get hands on and take part in some of these activities the Stone Age people would have undertaken such as sharpening stones to make tools, whittling a bow and carving jewellery. Special thanks to the PTA who do great work to fundraise so we can continue to have these special experiences.

Polite Reminder

The best way to arrive at school is to walk or 'Park and Stride'. Please remember to park **safely** and **considerately**, avoiding the no stopping zig zag zone outside school. It is illegal and dangerous to stop there. We have been asked to remind you **not to park in the client bays outside Saracen's House** business centre. These are private bays that have been paid for, and your number plate will be recorded and passed to the traffic enforcement officers. *As a school we strive to maintain good relations with local residents and businesses. Please help us in this.*

We will present our gifts and add them to the harvest display in the church before distribution later that day.
